

HIGH SCHOOL & THE FUTURE OF WORK

State Data Sheet COLORADO

EMPLOYMENT IN COLORADO IS GROWING.

JOB REQUIREMENTS ARE CHANGING.

COLORADO HIGH SCHOOLS MUST STEP UP.

TOO MANY STUDENTS DROP OUT:

DO NOT GRADUATE WITH THEIR CLASS

TOO FEW GRADUATE COLLEGE-READY:

All students

Latino students

MOST GRADUATES GO ON TO COLLEGE:

5/9

of graduates enroll in some form of postsecondary education in the state

BUT MANY REQUIRE REMEDIAL COURSES:

who enroll in 2-year colleges need remediation

who enroll in 4-year colleges need remediation

AND TOO FEW FRESHMEN COMPLETE DEGREES:

Students in 2-year colleges

Students in 4-year colleges

THIS LEAVES COLORADO'S ADULT WORKFORCE FAR SHORT OF WHAT'S NEEDED TO BE COMPETITIVE.

IN 2014-15

64%

of job postings required an associate's degree or higher

BUT ONLY **49%**

of adults have an associate's degree or higher

And remember:

Degrees alone don't guarantee that workers have the other skills—the team work, the analysis, the problem-solving—that are so necessary in today's and tomorrow's economy.
