

HIGH SCHOOL & THE FUTURE OF WORK

State Data Sheet
HAWAII

EMPLOYMENT IN HAWAII IS GROWING.

JOB REQUIREMENTS ARE CHANGING.

HAWAII HIGH SCHOOLS MUST STEP UP.

TOO MANY STUDENTS DROP OUT:

DO NOT GRADUATE WITH THEIR CLASS

TOO FEW GRADUATE COLLEGE-READY:

All students

Hawaiian Native/Pacific Islander (HN/PI)

MOST GRADUATES GO ON TO COLLEGE:

5/9

of graduates enroll in some form of postsecondary education

BUT MANY REQUIRE REMEDIAL COURSES:

need remediation in math

need remediation in English

AND TOO FEW FRESHMEN COMPLETE DEGREES:

Students in 2-year colleges

Students in 4-year colleges

THIS LEAVES HAWAII'S ADULT WORKFORCE FAR SHORT OF WHAT'S NEEDED TO BE COMPETITIVE.

IN 2014-15

53%

of job postings required an associate's degree or higher

BUT ONLY **44%**

of adults have an associate's degree or higher

And remember:

Degrees alone don't guarantee that workers have the other skills—the team work, the analysis, the problem-solving—that are so necessary in today's and tomorrow's economy.
